Hey! Ho! Let's go to Mexico! Los Explosivos are belting out rip-roaring authentic garage, in Spanish! These four muchachos from Mexico City are sick with the rock'n'roll disease! They papa-oom-mau-mau like trashmen! They scream "Louie Louie" like swamp rats! This record will turn flavor-starved gringos into swamp rat burrito eating lunatics! I'll take two with a side of refried beans! These gatos have huevos grandes and are ready to raise a hell of a ruckus... indy shitgaze dorks beware! Viva la revolucion!!
